The Wax Boxx

& Beauty Bar

At the Wax Boxx our top priority is safety and the health of our employees and clients. As a small business owner I have implemented a pre-visit questionnaire to help reduce exposure to COVID-19. To ensure a safe and healthy working environment we will be asking you to assist us by answering the questionnaire below.

Please return the questionnaire promptly so that we can CONFIRM your booking. Please note that your appointment is not considered confirmed until we get the questionnaire back and respond to you by text, email or phone confirming the appointment.

1. Have you returned from any of the countries/regions that are listed on the WHO website or deemed by global, State and local health authorities (the CDC) as higher risk in the past 12 days? YES NO
2. Are you aware of anyone being at the current site of who resided with someone who visited any of the locations identified as high risk by global, State and local health authorities, the CDC or WHO? YES NO
3. Have you had close contact ** with persons diagnosed or had exposure to the coronavirus (COVID-19) during the last 14 days? YES NO
4. Are you aware of anyone being at the current site who has experienced and showed any cold or flue-like symptoms in the last 14 days (including fever, body aches, dry cough, respiratory illness, or difficulty breathing)? YES NO
5. Do you have a fever of 100.4 F or higher, with or without cough? YES NO

& Beauty Bar

Please check the WHO or CDC's website for the latest list of countries deemed high risk. The list is updated daily as the COVID-19 pandemic continues to rapidly evolve.

Here are a couple of links:

<https://www.cdc.gov/coronavirus/2019-ncov/cases-updates/cases-in-us.html>

<https://www.cdc.gov/coronavirus/2019-ncov/travelers/map-and-travel-notices.html>

****Close contact is defined as being within approximately 6 feet (2 meters) of a COVID-19 case for a prolonged period of time; close contact can occur while caring for, traveling with, visiting, or sharing a health care waiting area or room with a COVID-19 case OR having direct contact with infectious secretions of a COVID-19 case (e.g. being coughed on).**

If you have answered YES to any of these questions, we ask that you wait 21 days or until you have been cleared by a medical professional for everyone's safety. Thank you for helping us ensure a safe and healthy work environment.
